Tanner Yuhase

Web Developer | Graphic Designer

304.830.2692 | tyuhase@gmail.com | yuhase.com

I am a seasoned web developer with 9 years of professional work behind me. My professional passion is creating concepts and visual ideas and translating them into a project or strategy. I enjoy working with people to help turn a dream into a functioning extension of their product. I'm glad to work in a field that brings my love of art, music, logic, and technology together to create wonderful/useful things for others to enjoy.

Web Knowledge:

Extensive:
HTML5, CSS3, SCSS, Git, Gulp, Adobe Suite, Sketch, Figma, WCAG2, Wordpress, Kentico, Umbraco, Kirby, Joomla, CleanSlate, Concrete5

Experienced:
JavaScript, jQuery, PHP, XML

Work Skills:

- Excellent project and time management
- Extensive technical and design ability
- UI/UX experience: development and testing
- Analytics and SEO
- Work collaboratively and self-motivated

Experience:

WVU Eberly College of Arts and Sciences
Web Developer and Graphic Designer
June 2015 to present
Morgantown, West Virginia

Developed and updated over 120 websites including the Eberly site and Eberly Magazine. Created numerous html emails and mailchimp campaigns. Supervised print and promotional materials for the college.

WVU Healthcare
Web Developer
January 3, 2012 to June 2015
Morgantown, West Virginia

Designed several themes in umbraco and kentico for WVU HCS and WVU Medicine sites. Worked on the WV United Health Systems site and other HSC projects.

NAFTC, WVU Research Corp.
Graphic & Web Designer
May 2010 to December 16, 2011
Morgantown, West Virginia

Created print materials, event signage, and training manuals. Updated and maintained NAFTC and Odyssey Day sites. Worked on the First Responder app for mobile devices.

Super Mail, Inc/SuperEZprint.com
Graphic Designer
July 2009 to May 2010
Wheeling, West Virginia

Designed print materials for clients and ran digital press production. Took projects from conception to completion at press.
